

Empowering Innovators. Demonstrating Results.

Driving Growth with Non-Dilutive Grant Funding and Expert Evaluation for the Innovation Ecosystem.

Core Competencies

While industry agnostic, we specialize in these key areas:

- **Emerging Industries & Technologies:** Driving growth and innovation in cutting-edge sectors through partnerships with federal and state entities.
- **Postsecondary Education:** Advancing STEM initiatives to improve student outcomes, support services, and faculty development (e.g., TRIO, Title III, Title V, TQP, ATE).
- **Innovation & Commercialization:** Supporting small businesses and startups with SBIR/STTR programs across agencies (e.g., USDA, DOC, DOD, DOE, DHHS, DHS, DOT, EPA, NASA, and NSF).
- **Regional Economic Development:** Enhancing regional growth via innovation, funding, and collaboration (e.g., NSF Engines, EDA Tech Hubs, EDA Recompete).

Solutions

From identifying the perfect funding opportunities to showcasing measurable success, we partner with you at every stage, ensuring your vision is realized and your results speak for themselves.

- **Find Non-Dilutive Funding (Grant Research):** Our tailored grant research delivers a comprehensive list of funding opportunities that align with your unique goals, ensuring you're positioned for success.
- **Apply for Non-dilutive Funding:** Whether you need grant writing assistance, SBIR/STTR support, or proposal coaching, we handle every aspect of the process, from initial drafting to submission, to create thorough, funder-ready proposals.
- **Measure Outcomes with Evaluation:** We specialize in post-award evaluations, using rigorous outcome measurements and detailed analytics to demonstrate your project's impact, provide actionable insights, and ensure funder satisfaction.
- **Technical and Business Assistance (TABA) Services:** For small businesses participating in the SBIR/STTR programs, we provide TABA services to bridge the gap between technical development and commercial success.

Partners and Clients
